Frost Studies Proved Value To Orchards

Forecasting minimum temperatures for the ensuing night from an early evening observation for the citrus growers of the San Gabriel Valley was begun during the frost season of 1922-23. This work has been in charge of Mr. Charles I. Dague, Meteorologist, who was assigned from the U. S. Weather Bureau with headquarters at Azusa.

"Because of lack of accurate minimum temperature and hygrometric data for this district, we were somewhat skeptical as to the probable accuracy of the minimum temperature forecasts at first," says Mr. Dague, "although we knew of the excellent results obtained by F. D. Young, Meteorologist, in the Pomona District for several years, but as the season advanced with more minimum temperature data at hand by means of the temperature survey being systematically carried on, it was soon found that the hygrometric formula developed by Mr. Young of Pomona with a few minor changes could be applied to the forecasting of minimum temperatures for the ensuing night over the San Gabriel Valley with good results."

The following table gives somewhat in detail by dates and forecasted minimum temperature for the ensuing night from hygrometric data obtained during the regular 4:40 p. m. observation at the Key Station near Azusa and the actual minimum temperature at the station the following morning:

Date	For'est'd Min. Temp. Fahr.	Actual Min Temp. Fahr.
January 1	30	30.3
January 2	29	30.3
January 3	29	28.5
January 4	30	31.
January 13	30	26.9
January 25	30	29.2
January 26	28	28.7
January 27	29	27.3
January 31	27	27.8
February 1	26	27.5
February 2	25	25.7
February 3	24	26.7
February 4	28	28.8
February 5	27	27.3
February 6	30	26.3
February 7	27	28.4
February 8	29	29.6
February 9	26	25.8
February 10	26	28.4
February 11	29	29.4
February 13	30	31.3
February 14	31	30.1

On the whole, the minimum temperature agreed closely with the forecasted minimum temperature. Where the departure was considerable, good basic reasons can be assigned. During the night of February 3-4th, the temperature fell until 2:30 a. m., when a slight breeze arose, continuing the rest of the night with a gradual slow rise in temperature. On February 10th, the sky became overcast about 2:00 a. m. so that the temperature quit falling. On February 6th, the forecasted minimum temperature was changed to 27 degrees later in the evening. On a night that is clear with little or no wind, a purely radiation night, the minimum temperature normally occurs about sunrise or a little thereafter.

Taking the district as a whole, the temperature was lowest on the morning of February 3rd, but the low temperatures were of short duration so that only slight damage occurred to the buds and tender shoots of orange and lemon trees in scattered localities. The lowest temperature for the season in the district, 25.3 degrees, occurred on the morning of February 3rd.

On nights when it was coldest there was not a great variation in minimum temperatures between the different stations maintained over the valley by the Weather Bureau, the variation on these nights usually being about 3 or 4 degrees. The least range in temperature, 2.8 degrees, occurred on the morning of February 1st.

"The results obtained from the first year's work are gratifying," says Mr. Dague. "The citrus growers have taken a keen interest in the work and have been of big assistance in getting the work started. Mr. Dague hopes to have more of the growers keeping a systematic record of minimum temperatures next year so that a closer correlation of temperature data over the district may be had."

Firemen's Club Housewarming

Housewarming Night at the Sierra Madre Firemen's Club was an event long to be remembered. About 150 members and guests gathered Wednesday night to inspect the club's new quarters on the lower floor of the building and to enjoy an evening of entertainment and good fellowship.

The club members have space approximately 60x90 feet, which has been nicely fitted up for club purposes. Pool, billiard and card tables have been installed, and a little later a complete bowling alley equipment will be added.

On the east side of the hall a big brick fireplace has been built, around which a large part of the club fellowship will gather. The white walls and new lighting equipment make the place very inviting.

M. D. Welsch, president of the club opened the ceremonies with brief remarks, and then introduced Mayor Mitchell, who talked on the benefits of the club to the community.

Louis Dietz, secretary of the club, reviewed some of the club history, and paid particular tribute to the work of Fire Chief Earl Topping to whose efforts the city owes the securing of the fire engine and also the organization of the club.

Harry M. Ticknor, the well known Pasadena attorney, was the principal speaker of the evening and delivered an inspiring talk on the meaning and responsibilities of such bodies as the club. He dwelt particularly on the need for co-operation, with breadth of view and a spirit of tolerance for the peculiarities of the human species, and spirit of fellowship which will make the club membership desirable and helpful.

Following the speaking a very enjoyable musical program was presented under direction of Tom Henderson. A group of songs were sung by J. Buchan, D. Buchan, J. C. Heasley, R. M. Finlayson, S. T. Herrman, Tom Henderson. They were accompanied on the piano by Mrs. C. W. Gregg and Mrs. Finlayson. Other musical numbers were presented by Mr. and Mrs. Gregg.

Refreshments were served to all attending through the assistance of Mrs. Henderson and Mrs. Dietz.

BOXING CONTESTS TO BE RESUMED THIS MONTH

Mr. C. E. House manager of the boxing contests being staged at the Firemen's Club announces that he has secured a good card for Thursday night, March 8th.

Art Springer of Los Angeles, who needs no introduction to boxing fans and Jake Pool of Covina will go the main event at 118 pounds. Al Andrews of El Monte and Jack Hammond of Monrovia also at 118 will also go four rounds.

Besides these bouts Manager House is negotiating for several more and will announce them next week.

There will be a meeting of the Ladies Aid Society of the Congregational Church Tuesday March 6 in the Church parlors. The meeting will begin promptly at 2:30. The afternoon will be spent in sewing, and in singing old time songs. The beautiful silver coffee service presented to the society by Mrs. LeRoy will be used for the first time. The hostesses will be Mrs. L. P. McKee, Mrs. L. M. Rice and Mrs. Hortense Hill.

The familiar sign of the Sierra Madre Garage came down this week. In its place there appeared a new one reading, "J. Milton Steinberger—Ford—Lincoln—Fordson." No change in the business. Just in line with the Ford policy which says that all Ford agencies shall be conducted in the name of the individual owning the business.

Just in line with the Ford policy which says that all Ford agencies shall be conducted in the name of the individual owning the business.

By means of these stations Mr. Dague is able from Azusa to keep in touch with developments all over the valley and see that each district is informed of frost danger.

SECRETARY FLOYD AT STATE CONVENTION

Another line in which California leads the balance of the States is in Chamber of Commerce activities. Major Floyd, who has just returned from the annual convention of the California Association of Commercial Secretaries held at Santa Cruz the first half of the week reports: "Commercial secretaries from the East who have recently entered the California field were unanimous in reporting that the methods employed and results obtained by the California chambers of commerce are far in advance of those of eastern organizations."

The three-day session of the convention was made up of instructive programs covering a great many of the development problems of the State considered from the chamber of commerce angle. Particular attention was paid to community, district and State development and co-ordination of these activities for the greatest good of all. Civic development, city planning and zoning, industrial development, relations between city and farm district, community chests, service clubs as well as chamber of commerce promotion received attention.

The secretaries received every courtesy and were delightfully entertained by the city and Chamber of Commerce of Santa Cruz. Of the 114 secretaries attending the convention 50 were from Southern California. The 1924 convention will be held in Eureka.

FIRST ELECTRIC SIGN IS ERECT

Another step forward! The first real, up-to-date electric sign in Sierra Madre was erected this week by the Sierra Madre Electric Co., over their own store. It tells the world in seven colors that the Royal Electric Cleaner is sold there. Manager Farman says it has already started several other merchants to considering similar installations.

Mrs. Chas. P. Mayhew of 169 N. Adams recently left for Medford, Oregon, with her little daughter, Barbara, who will appear in two special dancing numbers in the Medford Elks Minstrel Show. This minstrel show is an annual affair of that organization. They play several Southern Oregon cities and also at Yreka and Weed, California each year. This makes the third year that little Miss Mayhew has appeared on their program and in writing to her mother, requesting that she be permitted to appear on their program again this year, they stated that while the distance was great and they would be put to considerable expense, they did not feel that they could give their show without her.

Miss Ella Shepherd Bush has a fascinating exhibition of her miniatures on display this week in the studios of O'Hara & Livermore at 50 South Euclid Avenue, Pasadena. The exquisite work which has won the favor of art authorities and all lovers of the beautiful is attracting much attention there.

Mr. and Mrs. O. E. Emley of Sierra Madre took prominent parts in "The Prince Chap," a comedy presented this week by the Community Players of Monrovia. Both have had dramatic experience in high school and college affairs.

LODGE TO HOLD STATED MEETING

Stated meeting will be held next Tuesday evening by Sierra Madre Lodge No. 408, F. & A. M. Important business to come before the lodge makes a large attendance of members desirable.

Several of the officers of the lodge have been participating this week in schools of instruction held at Pasadena on Wednesday and at Alhambra today, under direction of Grand Lecturer Thomas J. Baker.

WATER MAIN ON WEST LAUREL

Water Superintendent Tom Henderson and his men have just completed the installation of a new water main on Laurel Avenue, between Baldwin and Auburn, together with a fire hydrant at the corner of Laurel and Auburn. Much needed relief will be afforded several house-holders formerly supplied by one small pipe no more than large enough for one. The total cost is about \$450.

Scout Dinner For Parents

Boy Scouts will furnish a considerable part of the entertainment at the Boy Scout dinner of which fathers and mothers are invited next Friday night in the Woman's Club House. Each adult attending is expected to take at least one boy of Scout age. In addition to the part the boys take in the program, there will be some speaking, but everything will be short and snappy. It is expected W. C. Vaughn, assistant district executive, will bring over his famous Boy Scout String orchestra which made such a hit recently broadcasting for the Times radio station.

The purpose of the Scout dinner is to better acquaint the fathers and mothers of Sierra Madre with the work the Scout organization is doing and in part to help provide for the local Scout budget. Dinner tickets have been provided by the Chamber of Commerce which is sponsoring the event, the tickets having an adult coupon at \$1.00 and a boy's coupon at 50 cents.

Tickets for the Scout dinner may be obtained at the Chamber of Commerce office, Hartman's drug store or from any Boy Scout.

MRS. CLYMENA HOSMER

Mrs. Clymena Hosmer, widow of the late Nathan H. Hosmer for forty years, passed away at her home on Central Avenue last Saturday, February 24.

Mrs. Hosmer had reached the ripe age of 80 years and was one of the earliest pioneers of Sierra Madre. With her husband, she came to Sierra Madre among the very earliest settlers who bought portions of the original Sierra Madre tract from N. C. Carter. The Hosmers were among the New England colony who played such an important part in the early history of the town. Their home at Central and Baldwin was a center for many activities. They had no children but raised a foster daughter, Miss Ethel Bowers, now Mrs. Paul C. Staples of Oxnard.

Funeral services were held Sunday afternoon, in the parlors of Bergien, Cabot & Schmitt, and were conducted by Mrs. H. T. Fennel, reader of the Christian Science Society.

MRS. MARY A. JENSEN

Mrs. Mary A. Jensen, a resident of Sierra Madre about eleven years, passed away at her home on Windsor Lane Monday, February 26, after a long illness with tuberculosis. Mrs. Jensen came here from San Pedro with her husband, A. K. Jensen, who formerly owned the grocery store now owned by Annas Bros. Mr. Jensen passed away in 1913. Although of a retiring disposition and living an exceptionally quiet life, Mrs. Jensen had many warm friends who will mourn her sincerely. Funeral services were conducted at the A. T. Gay Funeral chapel by members of the Christian Science society and interment took place on Wednesday at Evergreen cemetery.

MRS. MARTHA C. HUTCHISON

Martha C. Hutchison passed away in Sierra Madre, Thursday, February 22. Funeral services were held Tuesday afternoon, February 27, at 2 o'clock in the Parlors of Bergien, Cabot & Schmitt, conducted by Rev. F. D. Peacock. Interment took place at Mountain View cemetery.

Rev. R. D. Hall will occupy the pulpit of the Congregational church next Sunday morning. Other services of the Congregational church next Sunday morning. Other services of the day will be held as usual.

Zone Ordinance Hearings To Be Held Mar. 8-15

Public hearings on the proposed zoning ordinance will be held by the city trustees on the evening of March 8 and March 15. At these meetings the recommendations submitted by G. Gordon Whitnall will be considered.

Mr. Whitnall was employed by the trustees to study the local situation and map out proposed zones for business and other special uses. It was thought that his experience as an expert and secretary of the Los Angeles City Planning Commission made him the best qualified person for the purpose. He has devoted considerable time to the problem, prepared a map and a tentative draft of a zoning ordinance.

Before final action can be taken on the ordinance it will be necessary for the preliminary report to be considered at two public hearings. All citizens are invited to attend and take part in the discussion. Changes which seem desirable can then be made by the trustees before the ordinance comes up for final action. It is expected Mr. Whitnall will be present to explain his reasons for making the recommendations embodied in the proposed ordinance.

BUILDING GOES MERRILY AHEAD

Building permits for the first two months of 1923 have reached a total equal to more than 25% of those issued all during 1922. The permits issued by Inspector Udell in February amounted to \$84,010, making \$96,460 for the year to date.

While the permit for the new hotel building accounts for three-fourths of the total, there is every prospect that the rapid pace already begun will be continued. Several dwellings of a good class are known to be planned for immediate future. Some have delayed in order to avoid paying this year's taxes on the new building. This is necessary if the permit is issued before the first Monday in March, the date on which all assessments are based.

The records of the building inspector show the following permits issued during February.

Fannie Dorman, 118 E. Highland, residence	\$2,000.
Frank Cox, Canyon Park	\$200.
D. J. Millard, 38 Windsor Lane	200.
Mrs. Sterling N. Auburn	250.

SERMON SERIES CONTINUES

The largely increased attendance at Bethany Temple proves that a strong ministry dealing with the great verities of life, still appeal to thinking people. On Sunday next, Dr. Rawlings preaches the fourth sermon of the series on the Great Fundamentals, the subject being, "The Fall of Man and Human Transgression."

An active missionary interest is evidenced in Bethany Church by increased funds for activities in heathen lands as well as by the growing attendance at the regular Women's Missionary meetings which recently dispatched three fine boxes of articles made by them for the needy orphans in Central America.

The always well decorated window of the Hartman drug store this week contains an interesting display of sick room and first aid supplies. The center of interest is a surgical case in the middle of the display. It is a surgeon's kit used in the civil war by Dr. R. D. Barber, father of Mrs. C. A. Cover. He was a medical student in Harvard at the outbreak of the war and was assigned to the army medical department with one of the New York regiments. If you think you would prefer the surgery of the good old days to that of today, just take a look at that case and you may change your mind.

TWO REMARKABLE SKIN BEAUTIFIERS

For many years, as you know, lemons have been a familiar household remedy for removing skin blemishes, such as freckles, tan, color marks, etc.

Now the curative properties of the lemon have been skillfully combined with the soothing and tissue-building properties of cocoa butter to produce these two new skin beautifiers.

Lemon Cocoa Butter Lotion

contains cocoa butter in its natural state—free from any trace of greasiness. This preparation is mildly antiseptic, hence soothing and beneficial for the treatment of chafing, windburn and chaps. Ideal protection for the skin, when used before exposure to wind and sun. Also an excellent skin bleach and whiteners.

Lemon Cocoa Butter Skin Cream

is a real skin-food—rich in both cocoa butter and lemon and far in advance of the ordinary cold cream.

A film of this cream should be left on the face over night. It restores vigor to the muscles, vitality to the tissues, elasticity to the skin, helps to eradicate tan and freckles, giving long life to a fresh complexion, and rejuvenates a faded skin.

Ask to see these two new beautifiers. We are more than pleased to show them and to tell you what other women say about them.

SIERRA MADRE WOMAN'S CLUB

Regular Meeting

A novel program was presented by the Woman's club on Monday, under the department of Home Economics, on "Home Making." Prudence Penny was speaker of the day. It was enjoyed by an eager gathering of housewives, who evidenced much enthusiasm over the modern kitchen equipment on the platform and the many electrical appliances, designed to facilitate the work of housekeeping. Prudence Penny, whose advice is so eagerly read in the daily news was present in person, it being her first acceptance of the many invitations to appear before various clubs. In her talk on "Taking the Work out of Work," Prudence displayed a variety of emotions. A bit of humor, a bit of slang, a bit of scolding, a bit of pleading and lastly, a bit of pathos, all so humanly given, disclosed her kind heart and her evident desire to be of use to suffering humanity. Vehemently declaring that house work is drudgery, and as vehemently declaring that home making is not, Prudence set about drawing a sharp distinction between the two, leaving a positive presentiment in the minds of her hearers, that her own home must indeed be the happy place she claims all homes can be, with the proper spiritual and material equipment.

An interesting detail of the meeting was the giving of a report of a recent council of presidents, held at Long Beach, by the president, Mrs. Steinberger, which was largely tinged with the expressions of regret, as voiced by women who are more or less appalled at having the results of years of labor, either greatly handicapped or entirely wiped out, by the recently compiled budget.

Mrs. T. H. Flather and Mrs. F. B. Seeley gave gleanings from their attendance at reciprocity programs in neighboring cities, Mrs. Seeley making the proposal that the Sierra Madre Woman's Club follow the lead of the Alhambra Woman's Club in that each member make it her business to give a friendly greeting to every woman she meets on the street. This proposal was accepted by the club, and further development is awaited with interest, since one member proposed an experience meeting in the near future. Mr. Milton Henoch of the Westinghouse Company gave an interesting talk on the electric range and its many advantages, after which he, Mr. Gerald Farman and several assisting gentlemen conducted the ladies on a tour of inspection of the electrical furnishings, painstakingly demonstrated the usefulness of each. During the social hour which followed, Mrs. J. F. Sadler was greatly flattered by the commendatory remarks of Prudence

Penny, who spoke very highly of the cake made by her and donated to the club. The club feels deeply grateful to Mr. Gerald Farman, Mr. E. D. Topping and Mr. Roland Adams who were responsible for the attractive furniture and fixtures of the model kitchen.

Adjourned Meeting

Through the efforts of the chairman of Legislation and Conservation an opportunity will be given to hear discussion for and against the State Budget and the Community Property law. Not only club members, but the public at large may avail themselves of this opportunity, Monday, March 5 at 3 o'clock. Ethel Richards, assistant State Superintendent of Schools, and Mrs. C. Bebee of the Woman's Industrial Welfare Commission, who has just returned from Washington, will present arguments against the cut in the budget. Speakers favoring it are being earnestly sought. The Woman's Club of Alhambra, Monrovia and Lamanda Park, have been invited to attend.

Luncheon and Program

Club members are reminded to secure tickets for the luncheon of March 12, before Saturday, March 10, at the Sierra Madre Electric Shop. Members are also reminded that membership tickets and guest cards must be presented at the door. Since these meetings are so entirely worth while, and the club has so generously made it possible for each member to have guests, surely each will help to sustain the dignity of the club by assisting in the enforcement of this regulation. Several splendid speakers have been secured and attractive dramatic and musical features will occupy the afternoon program, which is being arranged by the chairman of drama, Mrs. H. E. Allen.

Concert

Friday evening, March 23rd, Sierra Madre music lovers will be privileged to attend a most wonderful evening of song, with performing artists of whom she may be especially proud. They include highly talented musicians of our own city. The Seiling Trio and Kathleen Lockhart Manning will be the contributing artists. Admission will be \$1.00 and the Woman's Club is glad indeed to be able to make so reasonable a price for so splendid a program.

I Thought So!

The number of inquiries which followed my ad last week, confirmed my opinion that a lot of people would want to know about other underground treasures than those in King Tut's Tomb.

I WILL ANSWER SOME OF THE QUESTIONS HERE

How and when does your company actually start work? Answer: The derrick is all up and the contract for a turn key job will be let this week. The drilling must start on or before March 22.

Where are you located? Answer: About 700 feet south of Julian's No. 4; 300 feet south of Russell Petroleum which is now cemented off in the Myers sand and will be brought in within three or four days; within a stones throw of Julian's new 5-acre lease for which he paid \$50,000; and across the street from 40-acre lease for which Standard Oil paid a million and a quarter this week.

What is the capitalization of your proposition? Answer: \$150,000, or 1500 shares of \$100 each. The share holders get 80% of the oil until they get their money back; after that 60%.

Is your company figuring on going into the Myers Sand? Answer: Yes, this is a guarantee job of 4500 feet, about the same as Russell Petroleum, Julian No. 4, Elliot Petroleum, all close by, went in order to reach the Myers sand, and size of pipe will be the same.

What is the name of your company? Answer: Pacific States Oil Company, office 323-327 L. A. Stock Exchange Building
Property located at Santa Fe Springs
